Meet the TEACHER

Leandra Jack

ABOUT ME:

I grew up and began my teaching career in Edmonton, where I spent the past decade teaching Grades 4–9, with the majority of my experience in Grade 6. Last year, my husband, our two children, and I relocated to Calgary and are enjoying getting to know our new community.

Outside of the classroom, you can usually find me spending time with my kids, curled up with a good book, drawing, hiking in the mountains, or out for a walk with our dog, Ellie.

I'm looking forward to getting to know the students and families at Prince of Wales and becoming part of such a wonderful school community!
