## February Parent Council Meeting

---

### Feedback | School Planning

**Parents were offered opportunity to share feedback at planning meetings and at school council meeting about our SDP and Planning for the upcoming school year.**

#### Parent Feedback

- Families appreciated the additional Educational Assistant (EA) support within the school and recognized the positive impact this has on student learning and support.
- The school was commended for maintaining a strong focus on key priority areas that positively support students across multiple grade levels.
- There was positive feedback regarding the consistency of the literacy program throughout the school.
- Families noted that differentiation and flexibility in programming to support a variety of learning needs and levels is being implemented effectively.
- Questions were raised regarding the continuation of Outdoor School opportunities for Grade 4 students, and clarification was provided that this program will not continue at the Grade 4 level.
- Families expressed appreciation for the variety of sports opportunities available to students through residency programs. Families are interested in the possibility of extra-curricular clubs available to students.
